Central Alberta
Child Advocacy Centre

Online Referral Form

At the Central Alberta Child Advocacy Centre, it is the practice of the Royal Canadian Mounted Police, Alberta Health Services Addiction and Mental Health and Central Region Children's Services to consult and collaborate on reported concerns of physical abuse, emotional abuse, neglect and sexual abuse.

The reported concern should be new information received but could be historical in nature. The purpose of triage is to share relevant information and determine partner agency involvement.

Triage occurs Wednesdays at 9:00am at the Child Advocacy Centre. For immediate and urgent concerns of child safety, you should contact your local police service of jurisdiction and/or Child Services office.

If you have concerns and would like to have the Child Advocacy Centre partner agencies review your concerns, please complete this form and send it by email to: info@centralalbertacac.ca
